CONCEPT NOTE

Background and Rationale

Recognizing the important role of young people in shaping the future of society, the 4th National Peace Convention 2026 centers on the theme “Be a Living Legacy of Peace.” The theme calls on individuals to move beyond simply remembering the efforts of those who have worked for peace and instead become active participants in carrying that legacy forward.

The convention is organized by Heavenly Culture, World Peace, Restoration of Light (HWPL), an international peace organization advocating for global peace and cessation of war through international law, interfaith harmony, and peace education.

Since its first gathering in 2023, the National Peace Convention has provided a platform for diverse sectors to come together in support of peace. Building on the previous conventions, the 4th National Peace Convention aims to inspire participants to reflect on the kind of legacy they wish to leave behind and, more importantly, to begin living that legacy through their daily choices, relationships, communities, and service to others.
